

SECTION 2 INSTALLATION

2.1 Introduction

This section describes the unpacking and installation procedures for the LK 400/500 series amplifiers.

WARNING

**MAKE NO ATTEMPT TO PUT THE AMPLIFIER IN SERVICE
OUTSIDE OF THE CABINET—CONTACT WITH VOLTAGE
IN THE AMPLIFIER CAN BE FATAL!!!**

2.2 Unpacking

All shipping containers have been specially designed to protect their contents and special care has been taken to prevent damage under normal shipping conditions. Mishandling should be evident upon inspection of the shipping container. If damage is found after visual inspection, take care not to destroy the evidence. If necessary, document the damage with photographs and contact the transport carrier immediately.

Carefully remove your new LK400/500 series linear amplifier from its packing carton, and examine it closely for signs of shipping damage. It is recommended to save all original packing cartons to protect your amplifier from damage should you wish to store it or ship it for after-sales service.

2.3 Warranty Card

Fill out the enclosed warranty registration card and return to Amp Supply within 10 days of original purchase. Keep your original sales slip with the packing cartons should you ever need it for reference.

2.4 Installation

The following subsections describe the installation procedures for the LK 400/500 series amplifiers.
